

KriegerBullet Level 10 Wood Veener Door

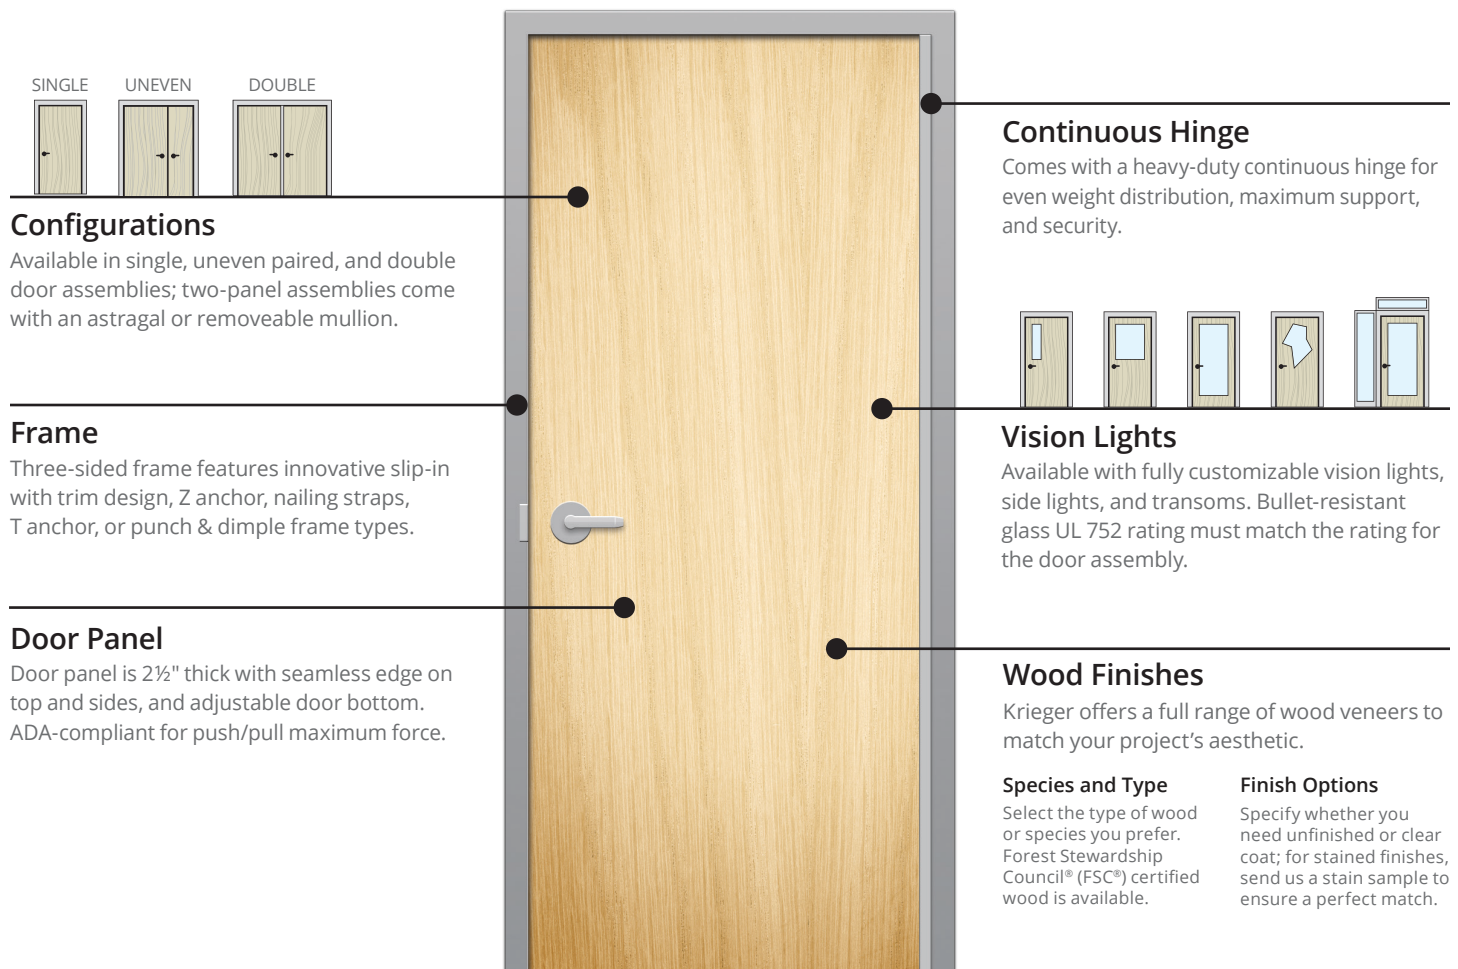

Model: BR-WV-LVL10

ADA
COMPLIANT

2½" THICK
DOOR PANEL

The industry-leading KriegerBullet door assembly is engineered to protect personnel and property from bullets and ricochet—with a custom wood veneer finish. This specialty door comes with a UL 752 Level 10 bullet rating, which means it can stop a single shot from a .30-06 Springfield rifle.

Customize Your Assembly

Contact your Krieger Regional Sales Manager to discuss your project requirements, get a quote, and request full test report data.

Tests and Certifications

- UL 752 11th Edition Level 10 bullet rating means it can withstand a single impact of a .50 caliber rifle loading full metal jacket ammunition shot at 3091 FPS.
- UL 752 is the most widely used and accepted rating system for ballistic-grade materials.
- Meets National Institute of Justice (NIJ) Standard 0108.01 Type IV, which can stop 1 shot from a .30 caliber rifle.

Door and Frame Construction

- Choice of frame design includes: slip-in with trim, Z anchor, nailing straps, T anchor, and punch & dimple.
- Constructed with formed, heavy-gauge steel face sheets around a custom engineered steel rib core with interior armor plate.
- Features 2½" thick door panel and can meet all specifications for size, finish, and performance; contact us to customize your assembly.
- Three-sided frame design does not require a threshold. Aluminum threshold is available upon request.
- Door panel meets ADA requirements for push/pull maximum force.

Door Sizes

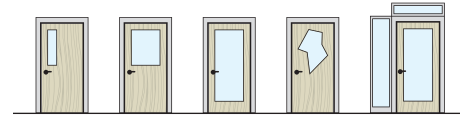

- All KriegerBullet doors are available in standard and custom sizes, including oversized doors.

Hardware

- This UL 752 11th Edition Level 10-rated bullet door comes with a heavy-duty continuous hinge for even weight distribution, maximum support, and security.
- Designed to interface with recommended builder's hardware, including latches and locksets, panic devices, security hardware, access controls, and other options.

Wood Veneer Finishes

- Krieger offers a full range of custom wood veneers to perfectly complement your project.
- Select the wood species or type of wood veneer, and whether you need unfinished or clear coat finish.
- If you need a stained finish, send us a stain sample to ensure a perfect match.
- Forest Stewardship Council® (FSC®) certified wood is available.

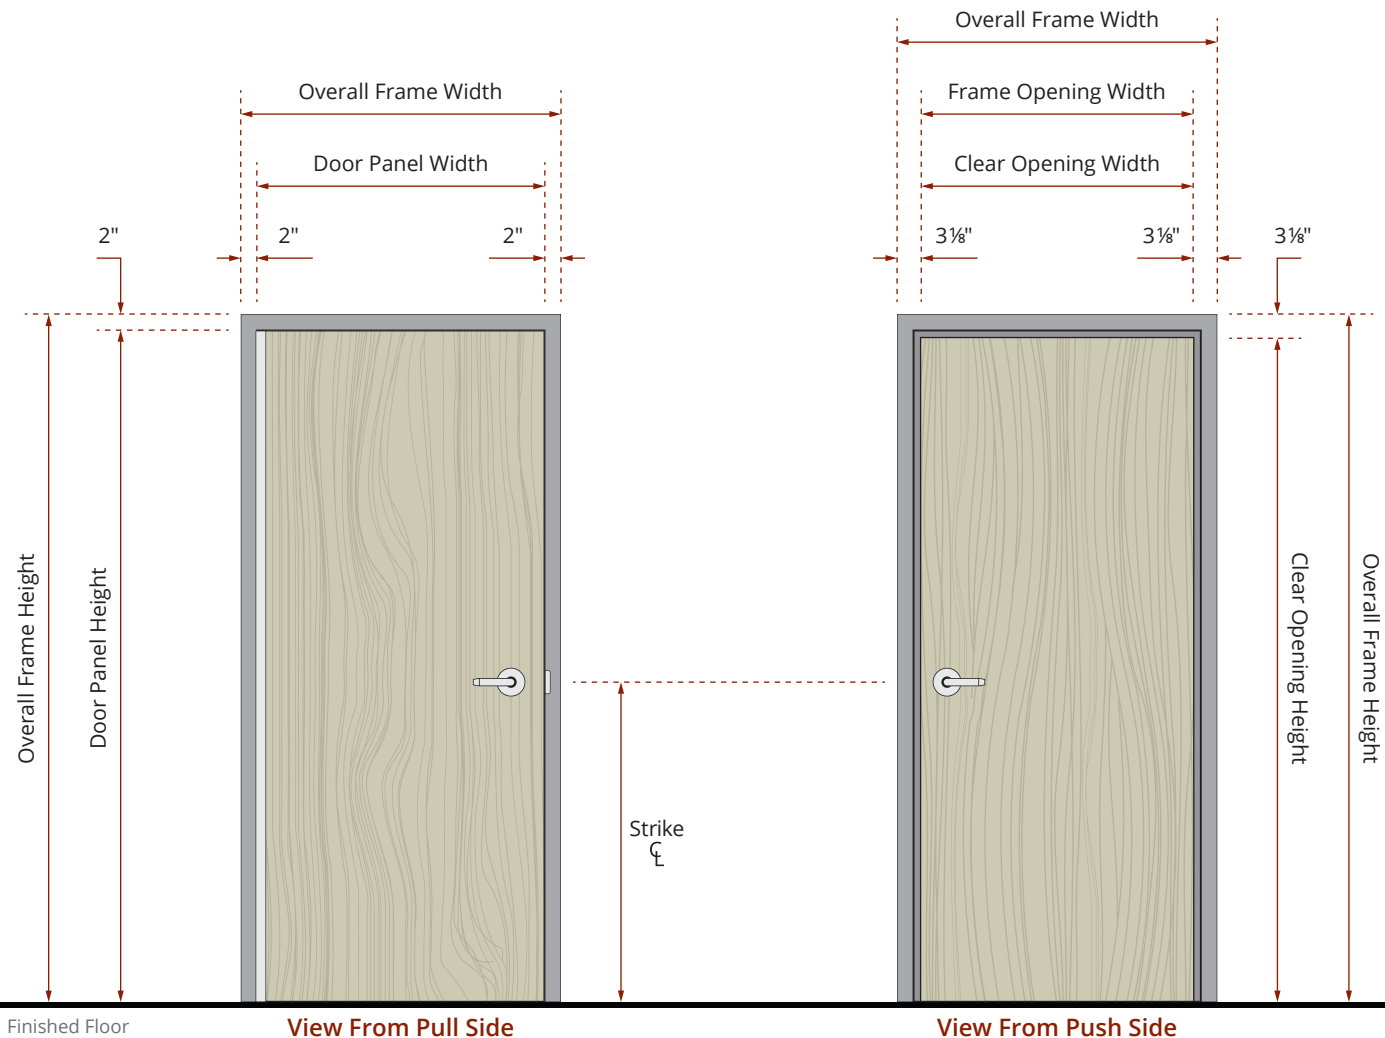

Vision Lights • Side Lights • Transoms

- Fully customizable vision lights, side lights, and transoms are available.
- Krieger offers tested and certified glass or glass/polycarbonate glazing materials for bullet door assemblies with vision lights, side lights, and/or transoms.
- Bullet glass UL 752 11th Edition rating must match the rating for the door assembly.
- All glass is shipped along with the door assembly to be installed at the job site by your glazer.
- Option to add adjustable blinds in between the panes of glass to control the amount of light and provide added privacy and security.
