

CAM-LIFT DOORS WITH VON DUPRIN EPT INSTALLATION

WARNING REGARDING INSTALLATION OF EPT

Due to the lifting action of our cam-lift door assembly the Von Duprin EPT must be installed as shown below. If installed incorrectly the EPT will be severely damaged and need to be replaced.

INSTALLATION INSTRUCTIONS

- Be sure to install the EPT with the wires exiting the top on the door side as shown below. This will allow the upward movement when the cam-lift door swings open.

INSTALLATION TO ACCOMMODATE KRIEGER CAM-LIFT HINGE
